Deluxe Video - Setup Instructions

For videos with Title Pages, Chapter Points, or your own music

- 1. Print this page 2. Review the examples below 3. Fill out the organizations sheet and include with your order.**

Below are examples of how to organize your project and above a blank worksheet to print and fill out for your convenience.

- Separate each new Title and Chapter Point into it's own group and label as well as write it out on worksheet .
- Write out how you want your music to play. Keep in mind how many minutes of music you need for the amount of pictures.
- Tell us if you want the song to: play in it's entirety straight through, sync to a specific title or chapter section, and/or play only the first half and fade out when the slides end. Please note the different pricing for these different options.
